2. ABOUT ME

I am a third-year Computer Science student at the Royal University of Phnom Penh with a strong interest in software development and web technologies. I have basic knowledge of web development using HTML, CSS, and JavaScript, and I am currently learning backend development with Python, PHP, and SQL Server. I enjoy learning new technologies, solving programming problems, and building small projects to improve my technical and problem-solving skills. I am seeking an opportunity to apply my knowledge and further develop my skills in a professional environment.
